“ Cancer is one of the leading killers in the world and the incidence is increasing, but most cancer patients and cancer survivors suffer much from the disease and its conventional treatments' side effects. In the past, clinical data showed that some complementary and alternative medicine (CAM) possessed anticancer abilities, but some clinicians and scientists have queried about the scientific validity of CAM due to the lack of scientific evidence. There is great demand in the knowledge gap to ex...

Integrative Cardiology : A New Therapeutic Vision

<http://libcat.nshealth.ca/permalink/provcat41356>

Massimo Fioranelli. Springer , 2017.

“ *This book covers a broad spectrum of complementary and alternative medicine (CAM) practices as part of an integrative pediatric oncology employed worldwide, with a special focus on those methods commonly used in the so-called Western countries. It is a scientifically based, practice-oriented handbook that will meet the needs of pediatric oncologists working in medical practices and hospitals. An introductory section offers a comparative overview of contemporary CAM use in pediatric oncology in...*

Integrative Therapies in Lung Health and Sleep
