The Diabetic Foot : Medical and Surgical Management

<http://libcat.nshealth.ca/permalink/provcat31018>

Aristidis Veves, John M. Giurini, Frank W. LoGerfo, editors. (3rd ed.) Humana Press , c2012.

Available Online: [View e-Book](#)

Location: Online

“ In *The Diabetic Foot: Medical and Surgical Management, 3rd Edition*, a distinguished panel of clinicians provides a thorough update of the significant improvements in knowledge surrounding the pathogenesis of diabetic foot problems, as well as the optimal healthcare treatment for this debilitating condition. The authors, many practicing at the famous Joslin-Beth Israel Deaconess Foot Center, again illuminate the successful new multidisciplinary approach now clearly required for the successful tr...

Neuroimaging of Movement Disorders

<http://libcat.nshealth.ca/permalink/provcat40766>

Fatta B. Nahab, Noriaki Hattori, editors. Humana Press , c2013.

Available Online: [View e-Book](#)

Location: Online

“ In the diagnosis and treatment of movement disorders, the use of neuroimaging has expanded widely and has been an exciting, important modality for unlocking the causes of abnormal motor control. With ever improving machinery, data collection techniques and analysis methods, researchers are now being presented with an exponentially increasing amount of data that they must wade through and interpret in the context of existing knowledge about movement disorders. In *Neuroimaging of Movement Disorders*...

Combined Scintigraphic and Radiographic Diagnosis of Bone and Joint Diseases : Including Gamma Correction Interpretation

<http://libcat.nshealth.ca/permalink/provcat41967>

Yong-Whee Bahk. (Fifth edition) Springer , 2017.

Available Online: [View e-Book](#)

“ In the fifth edition of this highly successful book, the author once again aims to equip the reader with up-to-date information that will facilitate accurate diagnosis of bone and joint diseases by means of combined use of scintigraphy and radiology. Two entirely new chapters have been added, one on the use of ^{18}F -NaF PET/CT and the other on gamma correction scan diagnosis of bone trabecular microfracture and microcontusion as well as bone edema and hemorrhage. Further topics covered for the fi...

Hematologic Cancers : From Molecular Pathobiology to Targeted Therapeutics

<http://libcat.nshealth.ca/permalink/provcat31285>

Jianguo Tao, Eduardo Sotomayor, editors. Springer , c2012.

Available Online: [View e-Book](#)

Location: Online

“ In the last decade, there has been a remarkable explosion of knowledge in hematologic cancer from basic molecular biology and pathology to clinical therapy. This has led to many new advance and insights in the understanding of pathobiology of malignant hematology. New knowledge of disease molecular pathology, cytogenetic, epigenetic and genomic alterations have provided new strategies to attack and eradicate tumor cells at molecular level and significantly impacted our current therapeutics for ...

Comprehensive cytopathology

<http://libcat.nshealth.ca/permalink/provcat33111>

editors Marluce Bibbo, David C. Wilbur. (4th ed.) Saunders , c2015.

Available Online: [View e-Book](#)

Access: Registration required for PDF access.

Location: Online

“ In the newly updated edition of Comprehensive Cytopathology, a team of international experts provides criteria and techniques in diagnosis, testing, and new insights in cytology. This accessible guide to diagnostic investigation and screening is ideal for daily laboratory use, taking a systematic approach to helping you understand major diagnostic criteria as well as the pitfalls and limitations of cytology. Quickly find the answers you need through a consistent chapter structure. Realize every...

Decision Making in a World of Comparative Effectiveness Research : A Practical Guide

<http://libcat.nshealth.ca/permalink/provcat41974>

Howard G. Birnbaum, Paul E. Greenberg, editors. Adis , 2017.

Available Online: [View e-Book](#)

“ In the past decade there has been a worldwide evolution in evidence-based medicine that focuses on real-world Comparative Effectiveness Research (CER) to compare the effects of one medical treatment versus another in real world settings. While most of this burgeoning literature has focused on research findings, data and methods, Howard Birnbaum and Paul Greenberg (both of Analysis Group) have edited a book that provides a practical guide to decision making using the results of analysis and inte...

Autism Spectrum Disorders in Adults

<http://libcat.nshealth.ca/permalink/provcat41433>

Bernardo Barahona Corrêa, Rutger-Jan van der Gaag, editors. Springer , 2017.

Available Online: [View e-Book](#)

“ In this book a group of international experts guide the reader through the clinical features of adults with autism spectrum disorders, describe the care needs of patients and their families, explain the evolution of the disorders into old age, and highlight what can be done to help. Detailed attention is paid to the medical and psychiatric problems of adults with these disorders and the approach to their education and professional integration. In addition, expert neuroscientists summarize curre...

Cord Blood Transplantations

<http://libcat.nshealth.ca/permalink/provcat41728>

Mitchell Horwitz, Nelson Chao, editors. Springer , 2017.

Available Online: [View e-Book](#)

“ In this book, experts in the field express their well-reasoned opinions on a spectrum of important and complex issues in the area of cord blood transplantation. The aim is to provide practicing hematologists, including hematopoietic transplant physicians, with clinically relevant and immediately applicable information that will assist in the delivery of optimal care. The book opens by offering a historical perspective and examining current concepts and practices in cord blood banking. Sections ...

Diagnosis and Endoscopic Management of Digestive Diseases : New Tools and Strategies

<http://libcat.nshealth.ca/permalink/provcat41418>

Rita Conigliaro, Marzio Frazzoni, editors. Springer , 2017.

Available Online: [View e-Book](#)

“ In this book, leading international experts describe and discuss the various techniques available for the screening, diagnosis, management, and follow-up of digestive diseases, providing clinically useful, up-to-date reviews that draw upon their own experience and focus attention on the most recent advances in the field. Among the wide range of topics covered are the use of confocal laser endomicroscopy in the gastrointestinal tract, endoscopic suture systems, endoscopic submucosal dissection, ...
