“*The new edition of Cardiac Intensive Care—the only textbook dedicated to cardiac intensive care medicine—chronicles the progress made in the diagnosis, assessment, and treatment of patients with critical cardiac illness. Editors Allen Jeremias, MD, MSc and David L. Brown, MD present the landmark discoveries, greater understanding of syndromes, and technological advancements that have helped make clinical cardiology a progressive and interventional field. You'll get coverage of the plethora of...*

Clinical Investigations in Gastroenterology

<http://libcat.nshealth.ca/permalink/provcat41733>

Malcolm C. Bateson, Ian A.D. Bouchier. (Third edition) Springer , 2017.

Available Online: [View e-Book](#)

Location: Online

“*The new edition of this book provides a comprehensive review of the basic tests available in gastroenterology. Chapters examine widely-used modern techniques such as ultrasonography for Crohns disease, capsule endoscopy, elastography and video proctosigmoidoscopy among others. Fully updated to reflect the recent advances in the field in the last 20 years, this volume evaluates investigations for their current clinical usefulness in the management of patients. The reader will benefit from a crit...*

Tutorials in Endovascular Neurosurgery and Interventional Neuroradiology

<http://libcat.nshealth.ca/permalink/provcat41760>

James Vincent Byrne. (Second edition) Springer , 2017.

Available Online: [View e-Book](#)

Location: Online

“*The new edition of this book updates an established text written for trainees and practicing endovascular therapists. The content is based on the curriculum of the Endovascular Neurosurgery MSc degree course at Oxford University and its tutorial system of teaching. The tutorial is a learning episode focused on a particular topic. The book is presented as a series of tutorials, which introduces and guides students through background literature, highlights relevant research data, and provides insi...*

MDCT and MRI of the heart

New therapeutics for traumatic brain injury : prevention of secondary brain damage and enhancement of repair and regeneration

<http://libcat.nshealth.ca/permalink/provcat42114>

edited by Kim A. Heidenreich. Elsevier , c2017.

Available Online: [View e-Book](#)

Location: Online

“ *NewTherapeutics for Traumatic Brain Injury: Prevention of Secondary Brain Damage and Enhancement of Repair and Regeneration explores traumatic brain injury (TBI), a major cause of death and disability throughout the world. The delayed nature of the secondary injury phase suggests that there is a therapeutic windowfor pharmacological interventions or other approaches to prevent progressive tissue damage and improve functional outcomes. It is nowapparent that therapeutic interventions should ...*

Atlas of Clinical Neurology

<http://libcat.nshealth.ca/permalink/provcat30486>

Rosenberg, Roger N. (3rd ed.) Current Medicine Group , c2009.

Available Online: [View e-Book](#)

Location: Online

“ The newly revised, comprehensive, four-color Atlas of Clinical Neurology is extensively updated with reference to current literature. The new third edition organizes the highest-quality images from the field of clinical neurology, including clinical syndromes, for neurologists and clinicians. The atlas highlights the enormous strides being made in the biologic understanding of neurologic disease, covering developmental and genetic diseases, neuroendocrine disorders, critical care neurology, cer...

The weeding handbook : a shelf-by-shelf guide

<http://libcat.nshealth.ca/permalink/provcat33966>

Rebecca Vnuk. ALA Editions , c2015.

Available Online: [View e-Book](#)

Location: Online

“ No! We can't rid of that!” Vnuk, author of the popular “Weeding Tips” column on Booklist Online, is here to show you that yes, you can. A library is an ever-changing organism; when done the right way, weeding helps a library thrive by focusing its resources on those parts of the collection that are the most useful to its users. Her handbook takes the guesswork out of this delicate but necessary process, giving public and school library staff the knowledge and the confidence to effectively weed ...

Wound healing : cellular mechanisms, alternative therapies and clinical outcomes

<http://libcat.nshealth.ca/permalink/provcat33959>

Lacie E. Wade, editor. Nova Biomedical , c2015.

Available Online: [View e-Book](#)

Location: Online

“ *Non-steroidal anti-inflammatory drugs (NSAIDs) are among the most widely used drugs for the suppression of inflammation and pain. However, the therapeutic uses of NSAIDs are frequently limited by the significant negative side effects including ulceration, most notably in the gastrointestinal tract. This book examines alternative therapies to healing wounds such as negative pressure wound therapy; and the use of honey and biomaterials. The book also examines the implications of involvement of N...*
