Wounds and Injuries

Specialty: Emergency Medicine

Abstract: For clinicians who see patients suffering from non-life-threatening crises, *Minor Emergencies, 4th Edition*, provides concise, expert guidance on what to do and what not to do for nearly 200 common presentations, including both the correct procedural and pharmaceutical treatments.

Completely updated with the latest equipment, devices, dosages, and techniques, this award-winning reference delivers fast, efficient guidance just when you need it. Instructional videos clearly demonstrate pearls and pitfalls of a wide variety of procedures.
