Patients--Safety measures

Specialty: Geriatrics

Abstract: Falls among older adults are a common problem. Up to half of residents in long-term care may fall each year. This pamphlet explains situations when most falls happen, what raises your risk of falling, and what staff in the Veterans' Memorial Building may ask you to do while living in this unit to prevent falls from happening.

Responsibility: Prepared by: Veterans' Services, QEII

Pamphlet Number: 1025
